- Cardholder receives monthly statement from [activepay.notices@pncactivepay.com](mailto:activepay.notices@pncactivepay.com)
- Should be reviewed to ensure all transactions are legitimate
- Notify the PCard Help Desk of any unrecognized transactions immediately
All PCard transactions must be verified in the Oracle financial system by the cardholder or a designated verifier. A Procurement Card Verification Report (PRC) is created to record business purpose of the purchase, type of purchase, and account allocation information.

**Verification signifies that a transaction:**
- Is a legitimate business expense
- Is appropriately documented and all required documentation is scanned and attached
- Is distributed to the correct Oracle account string (GL or GM)
- Has a completed business description/justification recorded in Oracle
REVIEWING PCARD TRANSACTIONS

Transactions in Oracle

> Verifications can be done by Cardholder or Verifier
> Cardholder receives email notification when new transactions appear on day 1, 15, 25 & 26+
> Must be verified within 30 days of posting
PCARD TRANSACTION VERIFICATION

Transactions must be verified within 30 days

> Why is this important?
  - CMU pays PNC Bank monthly
  - Accounting principles require that expenses be recorded in the period they are incurred
  - It keeps our financial statements timely and accurate

> Cardholders must turn in receipts/documentation to Verifier in a timely manner!

What happens if transaction is not verified in 30 days?
PCARD TRANSACTION VERIFICATION

> On day 31, PCard will be placed on hold and cannot be used until aged transaction is verified and approved
  – The cardholder, approver, ALG Member, Senior Director of the Controller’s Office, and University Audit Services will be notified via email
> Once transaction is verified and approved, ALG Member can request reinstatement
> Violation points will be assigned

For charges in dispute:
- Make sure Billing Inquiry form has been sent to PCard Help Desk
- Wait for credit to verify transaction (card will not be put on hold)
- Verify charge/credit to same account string
DISPUTING PCARD TRANSACTIONS

> Contact the supplier and attempt to resolve problem

> If no resolution with supplier

  – Complete Billing Inquiry Form (within 60 days)

    • [https://www.cmu.edu/finance/forms/files/Billing_Inquiry.pdf](https://www.cmu.edu/finance/forms/files/Billing_Inquiry.pdf)

  – Send completed form to PCard Help Desk

    • Fax 412-268-2732 or email pcrdhelp@andrew.cmu.edu

    • PCard Help Desk reviews and sends completed form to PNC Bank

  – Oracle Internet Expenses – Procurement Card Application: [https://www.cmu.edu/finance/training/e-learning/p-card.html](https://www.cmu.edu/finance/training/e-learning/p-card.html)

> Once both courses are complete request the USA-IE Procurement Card responsibility via the Core Access Request Form in the Online Forms System at [https://www.cmu.edu/finance/systems/index.html](https://www.cmu.edu/finance/systems/index.html).

> If you have a verifier, that person should request delegate access via the Delegate Access Request Form also in the Online Forms System at [https://www.cmu.edu/finance/systems/index.html](https://www.cmu.edu/finance/systems/index.html).
PCARD TRANSACTION VERIFICATION

> Must select the expense type that best describes the transaction

> Important for accurate reporting/spend analysis

> Determines the object code/expenditure type

> Ask yourself if there is a clear business purpose to your expense, if not use Unallowable

> Listing of PCard Expense Types with definitions on the Controller’s website under Purchasing Card Services at http://www.cmu.edu/finance/controller/pcard/files-unsecured/pcard_expense_types_with_definitions.pdf
