1) Click the HealthConnect icon anywhere on our site.
2) Enter Andrew ID and Password

[Image of a login page with fields for Username and Password, and buttons to Proceed or Cancel]
3) Confirm your date of birth
4) Click on Profile
5) Click on Edit next to name, gender identity, or pronouns to update.
6) If your legal name is different from the name you go by, type the name you go by in the “new preferred name” field and select continue.

7) If your gender identity differs from your sex assigned at birth, select a gender identity from the drop-down menu. If your identity isn’t represented in the drop-down menu, please let us know so we can advocate for expanded options.
8) You can type your pronouns in the open text field, or select from the drop down menu.
