**WHEREAS**, the Mayor of the City of Pittsburgh issued a Declaration of Emergency (“Declaration”) in response to the existing public health emergency associated with the spread of COVID-19 on March 13th, 2020; and

**WHEREAS**, City Council by passage of Ordinance 27 of 2015 provided for the “Paid Sick Days Act” in the City Code of Ordinances which, among other requirements, mandated a grant of sick time for certain employees working within the City of Pittsburgh; and

**WHEREAS**, the Paid Sick Days Act permitted employers to provide the required time off on an accrual basis; and

**WHEREAS**, employers within the City of Pittsburgh have an interest in maintaining operations; and

~~**WHEREAS**, one out of every three residents in Allegheny County has yet to be vaccinated against COVID-19; and }~~

**WHEREAS**, per the United States Centers for Disease Control and Prevention, the Delta Variant (“Variant”) is the most contagious version of COVID-19 worldwide, spreads about 225% faster than the original version of the virus, and is currently dominating the outbreak of this virus in the United States of America, accounting for nearly all of the new infections across the country; and

**WHEREAS**, Delta Variant cases have increased in Allegheny County, leading County Health Department Director Dr. Debra Bogen to emphasize the importance of getting vaccinated to avoid a large, Variant-spurred surge in COVID-19 cases; and

**WHEREAS**, one out of every three residents in Allegheny County has yet to be vaccinated against COVID-19; and

**WHEREAS**, children under the age of 12 are not yet eligible for COVID-19 vaccinations in the Commonwealth of Pennsylvania; and

**WHEREAS**, Pittsburgh Public Schools intends to resume the 2021-2022 school year with mandatory student attendance in-person five days a week, in accordance with all applicable guidelines issued by federal, state, and

local health agencies and departments; and

**WHEREAS**, since children shall be physically returning to school Monday through Friday this fall, grave uncertainty persists about the possibility of a COVID-19 and/or Variant-spurred outbreak among this population; and

**WHEREAS**, as part of its 2021-2022 Health & Safety Plan, Pittsburgh Public Schools has implemented a “COVID-19 Decision Tree for People in Schools, Youth, and Child Care Programs” <<https://www.pghschools.org/Page/5573>> that clearly specifies the criteria by which school leadership should decide whether to send a student, teacher, or staffer home to socially distance and/or quarantine in the event of being exposed to and/or testing positive for COVID-19; and

**WHEREAS**, vulnerable groups, including the elderly and the terminally ill who have already received COVID-19 vaccinations, remain at risk of contracting the Delta Variant or other future strains of SARS-CoV-2; and

**WHEREAS**, working persons should not have to choose between taking unpaid time off from work to recover from COVID-19, including any of its variants, and going into work during this ongoing pandemic; and

**WHEREAS**, federal, state, and local health agencies and departments require sufficient time to assess the threat posed to public health by COVID-19, including its variants, and monitor the efficacy of vaccinations and other mitigation measures in preventing the spread of COVID-19, including its variants; and

**WHEREAS**, working persons should not have to choose between taking unpaid time off from work to take care of their loved ones who contracted COVID-19, especially those who belong to vulnerable groups, and going into work during this ongoing pandemic; and

**WHEREAS**, given the significant uncertainty of how unvaccinated children will fare when physically returning to school full-time this fall, working parents should not have to choose between taking unpaid time off from work to take care of their children who have contracted COVID-19 and going into work during this ongoing pandemic; and

**WHEREAS**, extending COVID-19 paid sick leave is critical to the prevention of disease in the City of Pittsburgh because such leave will provide residents of the City of Pittsburgh essential time to recover from COVID-19 and/or take care of their children and loved ones if they contract this virus.
