Work and Leave Options Guidance for April 1, 2020 – May 31, 2020

Unpaid Time Off Options:

- **Unpaid time off before using all available PTO**
  Normally unpaid time off would only be an option after all Paid Time off (PTO) is depleted, but as an temporary adjustment to policy during this extraordinary time, employees can request unpaid time off before using all available PTO. Work with your supervisor for approval and time keeper (guide for time keepers) to enter the request.

- **Unpaid Personal Leave of Absence**
  As a temporary exception to the process outlined in the Staff Handbook, full time and part time exempt and non-exempt staff can request an unpaid personal leave of absence without benefits of up to three months before using all available PTO. Work with your supervisor as detailed in the staff handbook to gain approval.
