Report/Change Social Security Number

Although students are not required to report their Social Security Number (SSN), federal regulations require Carnegie Mellon University to report the SSN for every student receiving federal financial aid. In addition, the SSN is required for payroll purposes and to report 1098-T tax documents. Therefore, this form is to report or correct your Social Security Number for our use in these limited instances.

Instructions:

Fill out this form in its entirety and return to The HUB (lower level of Warner Hall). Present this form and your government-issued Social Security Number card. The HUB staff will make a copy and return your card to you. For information regarding your right to privacy, visit www.cmu.edu/hub/ferpa.html.
