## Report Overview June 3 – June 9

- ❑ Mandates, masks, racism, FDA approval, heart issue, and vaccine side effects are trending this week;
- ❑ Trending stories: [trib.al/NlSMW9E](https://trib.al/NlSMW9E) Special Olympics reverses vaccine mandate after DeSantis threatens \$27m fine; [phmp.org/pfizers-documents](https://phmp.org/pfizers-documents) Pfizer's Documents;
- ❑ Anti-vax, disinformation, and vaccine hesitancy stories: [rumble.com/v174zbr-new-pfizer-releases-more-documents.html](https://rumble.com/v174zbr-new-pfizer-releases-more-documents.html) NEW: Pfizer Releases More Documents; [dossier.substack.com/p/ghost-shot-pfizer-quietly-admits](https://dossier.substack.com/p/ghost-shot-pfizer-quietly-admits) Ghost Shot: Pfizer quietly admits it will never manufacture original FDA approved COVID vaccines; [israelnationalnews.com/news/328529](https://israelnationalnews.com/news/328529) New study links COVID vaccines to 25% increase in cardiac arrest for both males & females; [amgreatness.com/2022/05/30/whistleblowers-lawyer-pfizer-got-away-with-vaccine-fraud-because-government-was-co-conspirator](https://amgreatness.com/2022/05/30/whistleblowers-lawyer-pfizer-got-away-with-vaccine-fraud-because-government-was-co-conspirator) Whistleblower's Lawyer: Pfizer Got Away With Vaccine Fraud Because Government Was Co-Conspirator
- ❑ Popular anti-vax tweets: "A Pfizer document reveals between 82-97% of pregnant women lost their babies. 45% of the 270 pregnant mothers reported adverse clinical events, and more than 60% of these were serious." Great work @JesseKellyDC <https://t.co/Oj00TA3vce>; Let's repeal Pfizer's immunity before we discuss repealing gun manufacturers immunity; The released Pfizer documents are devastating to the COVID cult; The CEO of Pfizer, the head of the CIA, the Director of the NSC, the VP of Facebook, the King of Holland and the Secretary General of NATO are all secretly meeting right now behind closed doors in DC. It's called Bilderberg, & not a single major media outlet has reported on it; The Pfizer documents show they knew that 35 teenagers had heart damage a week after being injected with MRNA vaccines and did not tell the public

6/16/2022

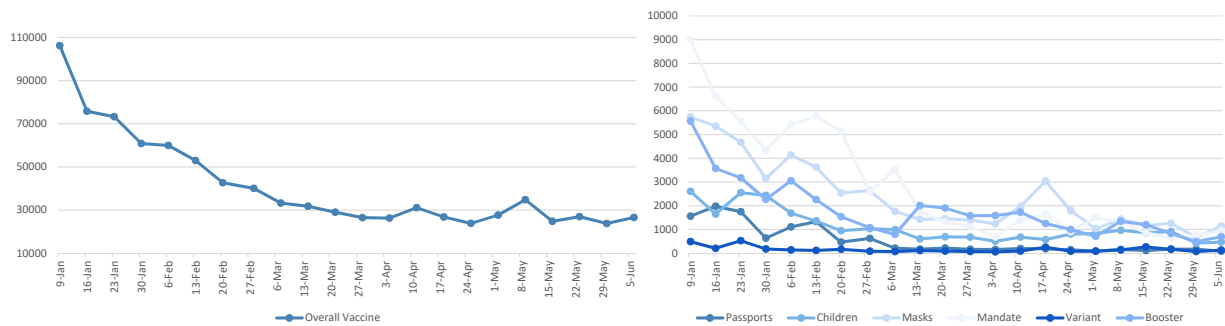

## Countering disinformation June 3 – June 9

- ❑ The most popular stories and tweets this week spread disinformation about Pfizer documents: [rumble.com/v174zbr-new-pfizer-releases-more-documents.html](https://rumble.com/v174zbr-new-pfizer-releases-more-documents.html) NEW: Pfizer Releases More Documents; "A Pfizer document reveals between 82-97% of pregnant women lost their babies. 45% of the 270 pregnant mothers reported adverse clinical events, and more than 60% of these were serious." Great work @JesseKellyDC <https://t.co/Oj00TA3vce>
- ❑ Several fact-checking stories provide details about allegations made three days after more than 80,000 pages of Pfizer COVID-19 data was made public and explain why those claims are false. Experts told USA TODAY the claim is based off a misinterpretation of data from a post-surveillance data report Pfizer published in 2021. The data in the report, which includes deaths and adverse events, does not specify whether the vaccine caused any of these health outcomes <https://www.usatoday.com/story/news/factcheck/2022/05/30/fact-check-claim-misinterprets-data-2021-pfizer-report/9898129002/>
- ❑ USA Today also debunks a claim about vaccine 12% efficacy rate and fetus harm <https://www.usatoday.com/story/news/factcheck/2022/06/09/fact-check-false-claims-stem-80-000-page-pfizer-release/9664481002/>
- ❑ Similar fact-checking stories were published by Reuters: <https://www.reuters.com/article/factcheck-covid19-vaccine-idUSL2N2XJ12Z> Fact Check-Pfizer documents do not show that COVID-19 vaccine has 12% efficacy; <https://www.reuters.com/article/factcheck-screenshot-pfizer-idUSL1N2XO15E> Fact Check-Canadian outlet Global News did not report that Pfizer's COVID-19 vaccine recorded a 12% efficacy rate
- ❑ It is necessary to ensure that fact-checking links are widely shared. The suggestion is to promote them via social media communication; also, through partnerships with local organizations and communities who would share this information or similar fact-checking details from journalists and researchers in the media.
