Independent Study

If you identify a topic or project that is relevant to your degree, but is not covered in-depth by any other course, project, Practicum, internship or curricular program component, you may negotiate an Independent Study with a CMU faculty member. After you have identified a faculty member to advise your Independent Study, you must submit a petition and a comprehensive proposal signed by your Independent Study advisor. The petition must be submitted by the first week of the semester or mini term and be approved by the course 'Add' deadline. The INI will register you for the units once approved.
