Dark highlights indicate a longitudinal study in which students complete the same study in the first and fourth years

- Rationale:**
- No more than one major survey per semester
 - ADV and SES need to be end-of-year, SARV, Healthy U, and DaSH do not
 - Each student will have the opportunity to complete each non-academic experience survey (SARV, Healthy U, DaSH) at least once in eight semesters
 - Each student will have the opportunity to complete the SES at least once in eight semesters
 - Each student will have the opportunity to complete the advising survey at least twice in eight semesters
 - Each student will have the opportunity to participate in at least one longitudinal study in eight semesters
