## Campus Space, Facilities & Services

### Source Data:

The data used for the Campus Space, Facilities and Services section of this book comes from multiple data sources, as listed below:

**Campus Map:** Facilities Management Services

**Clery Act Report:** University Police/Campus Security

**Computing Services Statistics:** Computing Services, Usage Architecture & Analysis

**Facilities Operations:** Facilities Operations

**Housing Capacity:** Housing Services (for bed capacity only)

**Parking:** Parking and Transportation Services

**Square Footage:** Property Accounting Services Department Master University Space Database. Data is as of June 30, 2007

### Definitions - Use Categories:

**Classroom Facilities:** General purpose classrooms, lecture halls, recitation rooms, seminar rooms and other rooms used primarily for scheduled non-laboratory instruction

**General Use Facilities:** Comprise a campus general service or functional support system (assembly, exhibition, dining, relaxation, merchandising, recreation, general meetings, and day care)

**Laboratory Facilities:** Rooms characterized by special purpose equipment or a specific configuration that ties instructional or research activities to a particular discipline or a closely related group of disciplines

**Office Facilities:** Offices and conference rooms specifically assigned to each of the various academic, administrative and service functions

**Other:** Includes health care facilities (rooms used to provide patient care that is located in separately organized health care facilities), unclassified areas (assignable areas that are inactive or unassigned; in the process of being altered, renovated, or converted), and non-assignable areas (areas of a building that are used to support the overall activities in that building - e.g., elevators, stairs, custodial closets, circulation and mechanical areas)

**Residential Facilities:** Housing facilities for students, faculty, staff, and outside visitors to campus

**Leased:** All facilities that the university leases

**Special Use Facilities:** Rooms that are sufficiently specialized in their primary activity or function to merit a unique room code. Areas and rooms for military training, athletic activity, media production, clinical activities (outside of separately organized health care facilities), demonstration, agricultural field activities, and animal and plant shelters are included here.

**Study Facilities:** Study rooms, open stack reading rooms, and library processing rooms

**Support Facilities:** These rooms provide centralized space for auxiliary support systems, which help keep all institutional programs and activities operational. Included in these areas are computer-based processing and telecommunications, shop services, general storage and supply, vehicle storage, central services (e.g. printing and duplicating, mail, shipping and receiving, environmental testing or monitoring, laundry, or food supplies), and hazardous materials areas.

### Definitions - A21 Utilization:

**Auxiliary Services:** The auxiliary function is to be used in connection with all expense transactions under the university as auxiliary organizations. An auxiliary is defined as a self-supporting operating unit whose primary purpose is to provide goods, services, or groups of services in support of the university's education and research mission. These units are responsible for recovering both the direct and indirect costs associated with their operations through established pricing practices.

**Departmental Administration:** Expenses that have been incurred for administrative and supporting services that benefit common or joint departmental activities or objectives in academic units, dean's offices, academic departments and divisions, and organized research units

**General Administration:** Expenses incurred for the central administrative offices of the President, Legal Counsel, Accounting, Payroll, etc. and other expenses of a general character which do not relate solely to any major function of the institution but effect the total institution (e.g., various general institutional accounts: audit fees, legal fees, etc.)

**Instruction and Department Research:** The teaching and training activities of an institution, whether they are offered for credits towards a degree or on a non-credit basis; whether they are offered through regular academic departments or separate divisions, such as summer school or an extension division. It also includes departmental research internally funded by restricted gifts, and university or departmental funds, if not separately budgeted and accounted for, sponsored research training grants are also considered to be instruction.

**Library:** Expenses that have been incurred in the operation of the library, including the cost of books and library materials purchased for the library. These expenses include the salaries and fringe benefits associated with the library.

**Non-Assignable:** Included should be space subdivisions (BOMA) of the three non-assignable room use categories (building service, circulation and mechanical) that are used to support the building's general operation

**Operations & Maintenance of Plant:** Expenses that have been incurred by a central service organization or at the departmental level for the administration, supervision, operation, maintenance, preservation and protection of the institution's physical plant/facilities

**Organized Research:** Space used in conducting research and development activities FUNDED BY THIRD PARTIES, including activity supported by university cost sharing specifically identified to those contracts and grants. Sponsored research excludes community service programs, seminars, symposiums, etc., which are considered Other Sponsored Projects.

**Other Institutional Activity:** All activities within the institution except OR, IDR or OSP. This type of space typically includes auxiliary services, development and university relations and their associated storage and support. This category covers departments that do not support the instructional and research mission of the university and housing.

**Definitions - A21 Utilization (cont.):**

**Other Sponsored Projects:** Space used in conducting activities that are SPONSORED BY THIRD PARTIES (either Federal or non-Federal) including contract for service activities, community service programs, seminars, symposiums and conferences, etc. funded by third parties

**Outside Agencies:** Those activities that are controlled or operated by outside agencies but are housed or otherwise supported by the institution

**Sponsored Projects Administration:** Includes the costs of organizations established primarily to administer sponsored projects. This item would include the Office of Sponsored Research, Cost Analysis Department, Sponsored Projects Accounting, and some of the functions of the Provost's Office.

**Student Services:** Expenses that have been incurred for the administration of student affairs and for services to students

**Unassigned:** Space, which is in the planning stage, and has been taken off line or is being saved as surge space and is usually associated with the University Planning Department as University Controlled Space

**Other Definitions:**

**Housing Type:**

**University Housing:** Carnegie Mellon-owned dormitories physically located on campus and Carnegie Mellon-controlled off campus housing

**Fraternity & Sorority Housing:** Fraternity or sorority-controlled housing

**Non-Carnegie Mellon Housing:** All other student residence arrangements
