Definitions - Use Categories:

Classroom Facilities: General purpose classrooms, lecture halls, recitation rooms, seminar rooms, and other rooms used primarily for scheduled non-laboratory instruction.

General Use Facilities: Comprise a campus general service or functional support system (assembly, exhibition, dining, relaxation, merchandising, recreation, general meetings, and day care).

Laboratory Facilities: Rooms characterized by special purpose equipment or a specific configuration that ties instructional or research activities to a particular discipline or a closely related group of disciplines.

Office Facilities: Offices and conference rooms specifically assigned to each of the various academic, administrative, and service functions.

Other: Includes health care facilities (rooms used to provide patient care that is located in separately organized health care facilities), unclassified areas (assignable areas that are inactive or unassigned; in the process of being altered, renovated, or converted), and non-assignable areas (areas of a building that are used to support the overall activities in that building - e.g., elevators, stairs, custodial closets, circulation, and mechanical areas).

Residential Facilities: Housing facilities for students, faculty, staff, and outside visitors to campus.

Leased: All facilities that the university leases.

Special Use Facilities: Rooms that are sufficiently specialized in their primary activity or function to merit a unique room code. Areas and rooms for military training, athletic activity, media production, clinical activities (outside of separately organized health care facilities), demonstration, agricultural field activities, and animal and plant shelters are included here.

Study Facilities: Study rooms, open stack reading rooms, and library processing rooms.

Support Facilities: These rooms provide centralized space for auxiliary support systems, which help keep all institutional programs and activities operational. Included in these areas are computer-based processing and telecommunications, shop services, general storage and supply, vehicle storage, central services (e.g. printing and duplicating, mail, shipping and receiving, environmental testing or monitoring, laundry, or food supplies), and hazardous materials areas.

Definitions - A21 Utilization:

Auxiliary Services: The auxiliary function is to be used in connection with all expense transactions under the university as auxiliary organizations. An auxiliary is defined as a self-supporting operating unit whose primary purpose is to provide goods, services, or groups of services in support of the university's education and research mission. These units are responsible for recovering both the direct and indirect costs associated with their operations through established pricing practices.

Departmental Administration: Expenses that have been incurred for administrative and supporting services that benefit common or joint departmental activities or objectives in academic units, dean's offices, academic departments and divisions, and organized research units.

General Administration: Expenses incurred for the central administrative offices of the President, Legal Counsel, Accounting, Payroll, etc. and other expenses of a general character which do not relate solely to any major function of the institution but effect the total institution (e.g., various general institutional accounts: audit fees, legal fees, etc.)

Instruction and Department Research: The teaching and training activities of an institution, whether they are offered for credits towards a degree or on a non-credit basis; whether they are offered through regular academic departments or separate divisions, such as summer school or an extension division. It also includes departmental research internally funded by restricted gifts, and university or departmental funds, if not separately budgeted and accounted for, sponsored research training grants are also considered to be instruction.

Library: Expenses that have been incurred in the operation of the library, including the cost of books and library materials purchased for the library. These expenses include the salaries and fringe benefits associated with the library.

Non-Assignable: Included should be space subdivisions (BOMA) of the three non-assignable room use categories (building service, circulation and mechanical) that are used to support the building's general operation.

Operations and Maintenance of Plant: Expenses that have been incurred by a central service organization or at the departmental level for the administration, supervision, operation, maintenance, preservation, and protection of the institution's physical plant/facilities.

Organized Research: Space used in conducting research and development activities FUNDED BY THIRD PARTIES, including activity supported by university cost sharing specifically identified to those contracts and grants. Sponsored research excludes community service programs, seminars, symposiums, etc., which are considered Other Sponsored Projects.

Other Institutional Activity: All activities within the institution except OR, IDR, or OSP. This type of space typically includes auxiliary services, development and university relations, and their associated storage and support. This category covers departments that do not support the instructional and research mission of the university and housing.

Other Sponsored Projects: Space used in conducting activities that are SPONSORED BY THIRD PARTIES (either Federal or non-Federal) including contract for service activities, community service programs, seminars, symposiums and conferences, etc. funded by third parties.

Outside Agencies: Those activities that are controlled or operated by outside agencies but are housed or otherwise supported by the institution.

Sponsored Projects Administration: Includes the costs of organizations established primarily to administer sponsored projects. This item would include the Office of Sponsored Research, Cost Analysis Department, Sponsored Projects Accounting, and some of the functions of the Provost's Office.

Student Services: Expenses that have been incurred for the administration of student affairs and for services to students.

Unassigned: Space, which is in the planning stage, and has been taken off line or is being saved as surge space and is usually associated with University Planning as University Controlled Space.

Other Definitions:

Housing Type:

University Housing: Carnegie Mellon-owned dormitories physically located on campus and Carnegie Mellon-controlled off campus housing.

Fraternity and Sorority Housing: Fraternity or sorority-controlled housing

Non-Carnegie Mellon Housing: All other student residence arrangements

Computing Services
2004 to 2008

Computing Services provides the majority of computing and network infrastructure on campus. Specific services provided include:

- Building and maintaining basic and advanced communications infrastructure, from phone lines to wireless access points
- Building and maintaining basic and advanced middleware infrastructure and directory services to provide secure and robust identity management services
- Maintaining central computing clusters and associated printing
- Deploying and maintaining shared E-mail and web services (Cyrus, Spam Filtering, MyAndrew, the Portal)
- Deploying and maintaining enterprise administrative applications
- Working with faculty to design and teach Computing @ Carnegie Mellon and providing essential and innovative instructional technologies within the classroom
- Monitoring the security and fair use of our network and protecting it against abuse and attack
- Supporting university efforts to provide emergency notification and business continuity plans
- Supporting all of these activities with documentation and communication, education, and a help center

Facilities Operations
Fiscal Years 2004 to 2008

Facilities Management Services (FMS) Operations provide the campus with maintenance projects, preventive maintenance, and repairs. Their staff includes: air conditioning mechanics, carpenters, electricians, gardeners, laborers, locksmiths, masons, painters, plumbers, receivers, steamfitters, truck drivers, and vehicle mechanics.

Contracts:

FMS Operations contracts for custodial services, elevator and roof maintenance, gutter cleaning, window washing, pest control, trash collection, recycling pickup, and other specialized projects. FMS receives a percentage management fee for services performed under the contracts it administers.

Services:

FMS Operations provide services for water, sewer, electric, gas, steam, heating and chilled distribution, preventive maintenance, routine and emergency repairs, replacements, smaller scale renovations and new installations, carpentry, keys, locks, masonry, plastering and painting, re-lamping, plumbing, heating, cooling and lighting fixtures, power wiring, landscaping, lawn care, leaf, litter and snow removal, and furniture moving and setups.

Campus Recycling
Fiscal Years 2004 to 2008

The mission of the Green Practices Committee is to develop university practices that improve environmental quality, decrease waste, and conserve natural resources and energy, thereby establishing Carnegie Mellon as a practical model for other universities and companies.

As part of the Carnegie Mellon strategic initiative to enhance the scope and impact of our education and research programs related to the environment, the Green Practices Committee was charged in April 1999 to develop a plan for an expanded environmental practices program on campus.

Green Practices subcommittees include:
- transportation
- built environment
- purchasing
- marketing and communications
- energy
- waste/recycling and dining
- outdoor environment

University Police, Clery Act Report
2003 to 2007

Federal Legal Requirements - The Clery Act

The Clery Act requires colleges and universities to:

● Publish an annual report every year by October 1 that contains three years of campus crime statistics and certain campus security policy statements
● Disclose crime statistics for the campus, public areas immediately adjacent to or running through the campus, and certain non-campus facilities. The statistics must be gathered from campus police or security, local law enforcement, and other university officials who have "significant responsibility for student and campus activities"
● Provide "timely warning" notices of those crimes that have occurred and pose an ongoing "threat to students and employees."
● Disclose in a public crime log "any crime that occurred on campus … or within the patrol jurisdiction of the campus police or the campus security department and is reported to the campus police or security department."
