

**Daniel A. Heller, PhD**  
**Memorial Sloan Kettering Cancer Center and Weill Cornell Medicine, Cornell University**

Dr. Daniel Heller is Head of the Cancer Nanomedicine Laboratory and an Assistant Member in the Molecular Pharmacology Program at Memorial Sloan-Kettering Cancer Center, and an Assistant Professor in the Department of Pharmacology at Weill Cornell Medicine of Cornell University. Dr. Heller obtained his PhD in chemistry from the University of Illinois at Urbana-Champaign in 2010 and he completed a Damon Runyon Cancer Research Foundation Postdoctoral Fellowship in the laboratory of Robert Langer at the David H. Koch Institute for Integrative Cancer Research at MIT in 2012. Dr. Heller's laboratory focuses on the development of nanoscale technologies for the treatment, diagnosis, and research of cancer. He is credited with over 60 publications and 14 pending or approved patents. He is a 2012 recipient of the National Institutes of Health Director's New Innovator Award, a 2015 Kavli Fellow, a 2017 recipient of the Pershing Square Sohn Prize for Young Investigators in Cancer Research, and a 2018 National Science Foundation CAREER Awardee.
