

## Speaker Profile

### Contact Details

#### Organization

##### Name:

#361-2 Shin-Dong,  
Yeongtong-Gu,  
Suwon-Si,  
Gyeonggi-Do, Korea

##### Address:

##### Phone:

+82-31-273-9421  
+ 82-17-263-8808

##### Email:

leejh@newpower.co.kr

##### Website:

www.newpower.co.kr

**Name : Jung-Ho, Lee**

**Title : Team Manager / PH.D.**

**Institute : New Power Plasma Technology Team**

#### □ Education

- 1990.3–1996.2  
: B.S degree from Electrical Engineering of Soonchunhyang Univ.
- 1996.3–1998.2  
: M.S degree from Mechatronics Engineering of Sungkyunkwan Univ.
- 1998.8–2007.2  
: Ph.D degree from Electrical and Computer Engineering of Sungkyunkwan Univ.

#### □ Experience

- 2000.10 – 2002.12  
HYUNDAI WELDING CO., LTD. Research institute
  - Quality of the power, Reduction technique of the harmonics
  - Design of the power conversion system implies with the energy storage equipment.
- 2003.01 – Present  
NEW POWER PLASMA CO., LTD. Technology planning team
  - Development of the RF Power Generator and Impedance Matching Network.
  - Design and analysis of Inductively coupled Plasma generation

NEW POWER PLASMA CO., LTD.
