

Name: **Kai Loon Chen**

Title: **Assistant Professor**

Institute: **Johns Hopkins University**

Kai Loon Chen is an assistant professor in the Department of Geography and Environmental Engineering (DoGEE) at Johns Hopkins University. Dr. Chen completed his B.Eng. and M.Eng. degrees in Civil Engineering at the National University of Singapore in 2001 and 2003, respectively. He joined the Environmental Engineering Program at Yale University in 2003 and earned his Ph.D. with Dr. Menachem Elimelech in 2008. His current research focuses on understanding the fate, transport, and effects of engineered nanoparticles in natural and engineered aquatic systems. Dr. Chen is also interested in utilizing nanotechnology for membrane processes, water treatment applications, and environmental remediation.
