Pennsylvania Driver’s License and State ID Information for Non-US Citizens

Many non-immigrants and their dependents obtain a Pennsylvania (PA) driver’s license or state identification (ID) card through the PA Department of Transportation (PennDOT). In addition to providing visitors the opportunity to drive, a state-issued photo ID can be a good alternative to the passport. Each state has different requirements for the issuance of driver’s licenses and state ID cards. This handout provides detailed information for non-immigrants in F, J, and H status who wish to obtain a PA driver’s license or state ID card.

To be eligible for a PA driver’s license or state ID, **a non-immigrant must have at least one year remaining on their immigration document** (I-20, DS-2019, or H-1B/H-4 Approval Notice). Generally, visitors who will be in the U.S. for less than one year are expected to use their home country driver’s license **plus** the international driver’s permit (in English). International driver’s permits must be obtained **outside** of the U.S.
