Virtual Neighbors Program for International Students

Application for Non-Student Participants

Welcome to the Virtual CMU Neighborhood! The Virtual Neighbors program for International Students, sponsored by OIE, facilitates contact among people in the CMU community. Students are matched with CMU neighbors who could be members of the faculty, staff, other students, or the Osher Lifelong Learning Institute at CMU.

Neighbors agree to get together virtually once a month or so at convenient times, for the length of the academic year. Conversation prompts will be provided monthly, to provide engaging and fun ways to interact. When matches are made, participants are informed via email. This program is part of the Host Family Program for International Students, now in its fifth year. Please email your (1) Completed Application and (2) Participant Release Form to hostfamily@andrew.cmu.edu. Thank you!
