We are so excited to welcome our students back for another school year! The fall semester is a great time for our students to reconnect with friends and faculty, explore new interests on campus, and be excited and challenged by new coursework. In addition, we are excited to reconnect with parents and family members and continue to engage you with the Carnegie Mellon University community. The Fence Post e-newsletter is emailed to all parents and family members on a quarterly basis, along with several e-news briefs about special events and announcements throughout the year. We will invite parents and family to CMU Alumni Association events planned throughout the country and to campus for special events like Family Weekend, scheduled for October 12-14, 2018.

In my role as associate dean for parent and family engagement, I am a resource and advocate for parents and family members, so please don’t hesitate to reach out. I look forward to engaging with you.
