NEWS FOR CARNEGIE MELLON UNIVERSITY FAMILIES

FROM THE ASSOCIATE DEAN

Greetings,

As we near the conclusion of fall semester, our Carnegie Mellon students continue to impress me every day. Whether studying in Pittsburgh or elsewhere, our students are adaptive and resilient, creative and innovative, and making the most of the university's resources and their CMU experience.

You've heard from the university often this semester, and we will continue to share COVID-19 updates with family members during the winter break and throughout the spring semester when necessary. In addition to updates about university operations, this edition of the family newsletter addresses some of the questions and topics that are most important to our students and families at this time — including content on academic support, career planning in a pandemic, suggestions from our student leaders on how to stay connected during a time of physical distancing, and a reminder about support available through the CARES Act Relief Fund and CMU's Tartan Emergency Support Fund. We hope you find these articles helpful and relevant as we close this fall semester.

I hope that you and your student are able to enjoy some time together in-person or virtually during the upcoming winter break and that you all stay healthy and safe.

Warmly,

Julie Schultz
Associate Dean of Family Engagement

FEATURES

Academic Updates for Families of Seniors

As your senior progresses through their final year at Carnegie Mellon, we want to provide you with some updates and information to help ensure they finish strong.

CAMPUS CONNECTIONS

CARES & TEFB Funding Still Available

Carnegie Mellon recognizes that the COVID-19 pandemic continues to create financial hardships for many of our students and families. Dedicated financial resources from the [federal CARES Act Relief Fund and CMU's Tartan Emergency Support Fund](#) are still available for undergraduate and graduate students.

Missing campus?

So was CMU College of Engineering student Jared Cohen. Stuck at home at the beginning of the pandemic, Cohen and friends utilized some of the quarantine time to [recreate the CMU campus in Minecraft](#) — block by block.

We're All In.

Tartans everywhere — on and off campus — are doing their part by practicing COVID-19 mitigation protocols. By monitoring for symptoms daily, staying six feet apart, wearing facial coverings and washing our hands, we're all in, all the time. [Learn why some CMU students are all in.](#)

Life at CMU

Carnegie Mellon's Life at CMU Instagram account shares unique stories about our students — who they are, what they care about, what they do and so much more. [Follow us](#) to learn about how each and every Tartan contributes to and shapes our CMU community.
