

Using the TransLoc App

Riders can visit Andysbuses.com on a computer or utilize the TransLoc mobile app to track the location of CMU buses and receive important notifications, such as route departure times, service delays and cancellations.

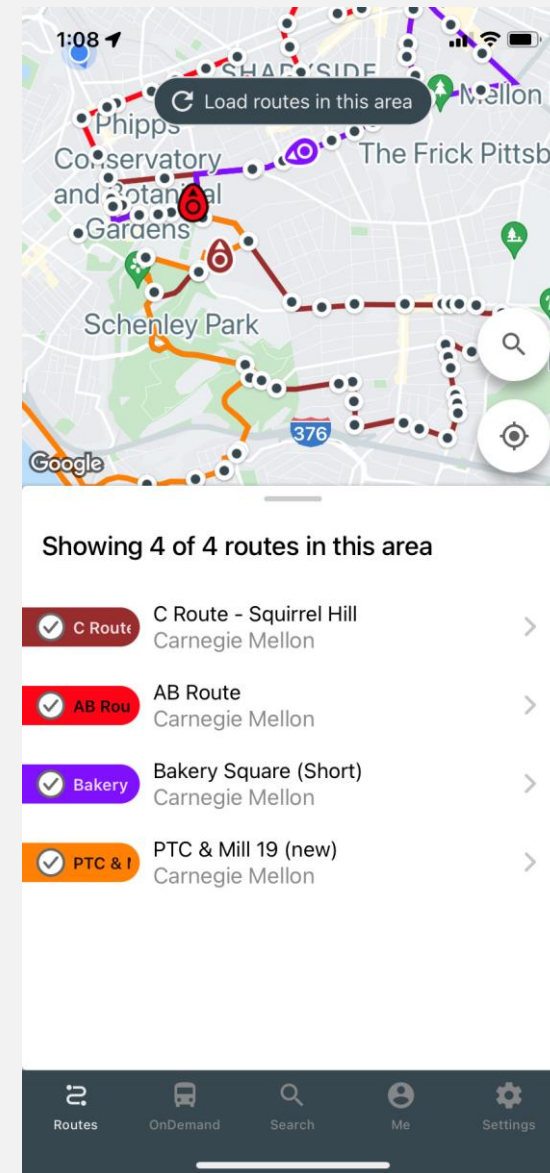

Agency Preferences

**Choose Carnegie Mellon as your Transit Carrier.
Ensure to toggle the Visible and Receive Alerts to the ON position.**

Bus Tracker

- Select the Routes tab
- Select Load routes in this area
- Toggle the routes you wish to track / not track on or off
- Blue dot indicates your current location
- Bus movements are tracked while the route is in operation

Route and Stop Selection

Choose

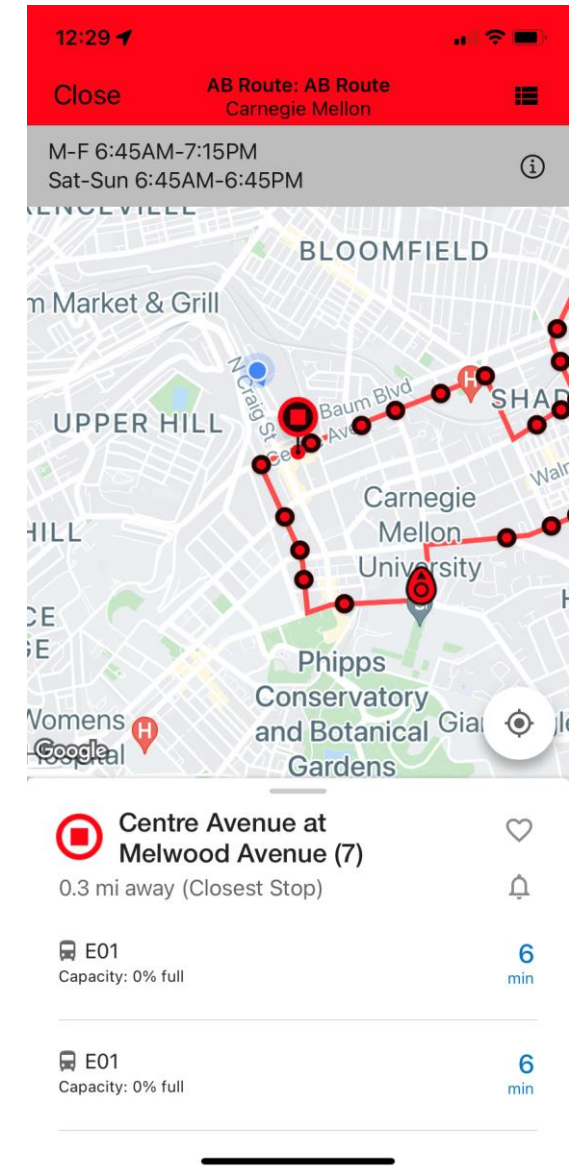

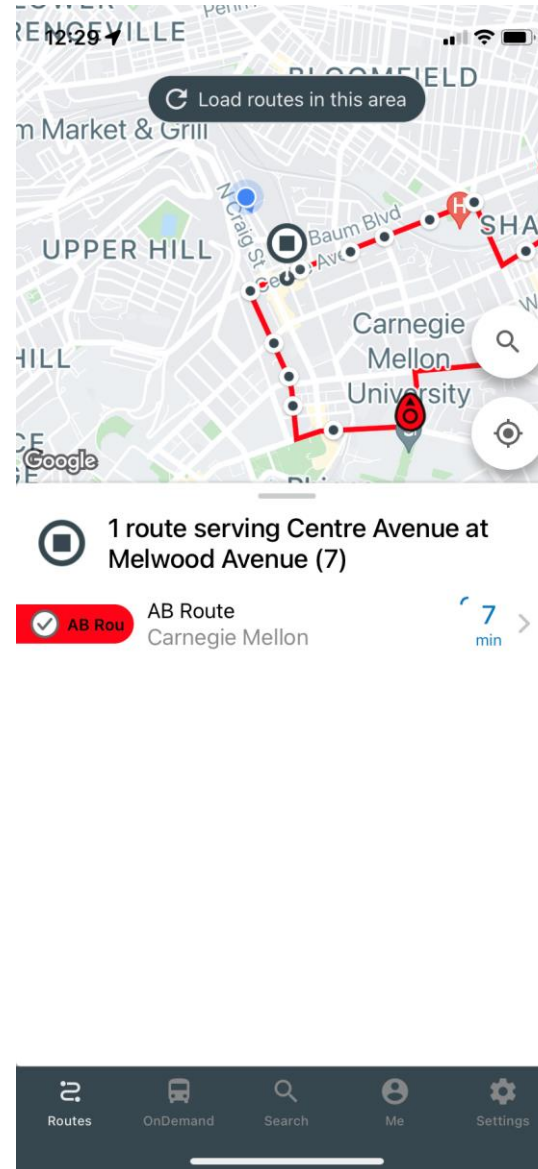

- Choose the route you wish to take

Select

- Select the stop closest to your location

View

- View the next approximate arrival time to that stop

Route Alerts

Stay informed about route departure times, cancellations and deviations.

- Select the “Me” tab at the bottom of the screen
- Tap “Alerts”
- Tap on the messages to view updated route information
