

American Fly Act Clarification

Note that IES (and CMU) conform to the “Fly America Act”, in which US carriers must be used except in special cases (even if they are more expensive and/or slightly less convenient than foreign carriers.)

<http://www.tvlon.com/resources/FlyAct.html>

- 1. Not allowed:** Booking a flight directly with Air France
- 2. Allowed:** Booking a code-shared flight with an American air carrier that uses Air France (for example, you book with Delta and you see that the plane actually being used is from Air France).
