LEGO EV3 TEACHER TRAINING
ONLINE CLASSES - 2019

Learn how to use the LEGO EV3 Robot and EV3 programming language to teach Science, Technology, Engineering & Math (STEM) concepts in your classroom.

- Convenient online training gives you access from home or your school via the Internet.
- Online access to Video Trainers site with training.
- Online access to supplemental lessons from other Robotics Academy materials.
- Technical support for all hardware and software used in the class.
- At the end of the course take the certification test to become a Robotics Academy Certified Instructor.
- Opportunity for Certificate of Completion to apply for Continuing Education hours.
- 24/7 access to class forums and message boards (monitored daily.)

There are two schedules available for online training:

**Five Consecutive Weeks**
Classes take place on the listed day of the week, for five consecutive weeks.
Classes are two hours long, followed by Q&A for 30 minutes.

**Five Consecutive Days (Only for Summer sessions)**
Each class is held in a single week, five sessions in five consecutive days.
Classes are two hours long, followed by Q&A for 30 minutes.

**TUITION**
$599 course registration fee includes all class fees, use of Robotics Academy products where specified, class-specific technical support, access to virtual office hours, access to forums and message boards, and certificate of completion for attendees who complete all course requirements.
