VEX IQ TEACHER TRAINING
ONLINE CLASSES - 2021

Learn how to use the VEX IQ Robot and ROBOTC programming language to teach Science, Technology, Engineering & Math (STEM) concepts in your classroom

- **NEW FOR 2020:** Get introduced to the new VEX CODE Blocks programming language

- **Convenient online training gives you access from home or your school via the Internet**

- **Online access to Video Trainers site with training.**

- **Online access to supplemental lessons from other Robotics Academy materials.**

- **Technical support for all hardware and software used in the class.**

- **At the end of the course take the certification test to become a Robotics Academy Certified Instructor.**

- **Opportunity for Certificate of Completion to apply for Continuing Education hours.**

- **24/7 access to class forums and message boards (monitored daily.)**
There are two schedules available for online training:

Five Consecutive Weeks
Classes take place on the listed day of the week, for five consecutive weeks.
Classes are two hours long, followed by Q&A for 30 minutes.

Five Consecutive Days (Only for Summer sessions)
Each class is held in a single week, five sessions in five consecutive days.
Classes are two hours long, followed by Q&A for 30 minutes.

TUITION

$599 course registration fee includes all class fees, use of Robotics Academy products where specified, class-specific technical support, access to virtual office hours, access to forums and message boards, and certificate of completion for attendees who complete all course requirements.
