

VEX IQ TEACHER TRAINING

Onsite Classes - Summer 2021

Learn how to use the VEX IQ and VEXcode IQ to teach Science, Technology, Engineering & Math (STEM) concepts in your classroom

TUITION

\$1099 course registration fee includes on site training and use of Robotic Academy's computers, robot kits, curriculum and programming software during the week. You do not need to purchase any hardware or software for this course.

LOCATION

National Robotics Engineering Center (NREC), part of the Carnegie Mellon University Robotics Institute, a world-renowned robotics research and commercialization center.

DATES/ SCHEDULE

Robotics Academy Certified Training for VEX IQ:

June 21st - 25th, 2021

All classes are Monday - Thursday 9:00am - 4:00pm EST. Friday class ends at noon. Lunch is provided Monday through Thursday. Other meals, transportation & lodging not included. Several local hotels offer shuttle service to NREC. See website for more details.

Five days of on-site, hands-on training where you will learn how to teach using VEXcode IQ to program VEX IQ robots.

Teachers using PLTW curriculum are welcome to join and will benefit from a deeper understanding of the programming, computational thinking, pedagogical concepts, robot hardware, and troubleshooting techniques we focus on. The Project Lead the Way teachers we have worked with have found our training to be a highly valuable complement to the PTLW training.
