

The pace of business changes rapidly, as do the skills needed to stay ahead. Carnegie Mellon Tepper Executive Education delivers programs that redefine the way leaders navigate the unexpected and creates strategic advantages for their organizations.

Our cutting-edge research, practical exercises, innovative tools, and esteemed faculty will help you master and apply essential leadership skills. We deliver programs that position organizations and individuals to realize higher levels of success.

EARN YOUR CERTIFICATE

Candidates earn the Certificate in Executive Leadership by successfully completing a minimum of 10 Tepper Education Units (TEUs) within a three year period. You can earn the Certificate in Executive Leadership + AI, when 5 of the minimum 10 TEUs are in AI programs.

CUSTOM PROGRAMS

Our executive education team offers scalable solutions to tackle your organization's unique needs. With a dedicated program team, we create a fully customized and immersive experience to deliver real results in real time.

"The insights shared by the exceptional faculty and the opportunity to collaborate with my amazing cohort have been truly transformative. The program's comprehensive curriculum and interactive sessions have equipped me with practical strategies that I can immediately apply in my professional endeavors."

—Chief of Staff, UPMC

"These past six months have truly exceeded my expectations. It's not often one leaves professional development more energized than when they went in. And to have that feeling after all 12 sessions--pure magic!"

—Director, Content Program Management, DuoLingo
