### **Asian Students Association (ASA)**

Founded in 1990, the Asian Students Association serves as the largest Asian culture affinity group at Carnegie Mellon. We welcome students of all races and nationalities, as we aim to spread awareness of Asian culture for the benefit of the student community. We hope to enhance the public understanding of the different cultures and ethnic values among different Asian countries and different Asian American cultures. Unfortunately, many people see Asian culture as a homogenous culture, or dominated by one or two large cultures. We wish to promote the diversity and unique traditions among all Asian cultures. Additionally, we strive to promote Asian student leaders both within and outside of the Carnegie Mellon campus by providing opportunities to participate in inter collegiate activities and national conferences.

### **Awareness of Roots in Chinese Culture (ARCC)**

ARCC stands for Awareness of Roots in Chinese Culture Organization. Our goal is to increase awareness of Chinese culture on the CMU campus by sponsoring open events such as the Mid Autumn Festival, Night Market, and Dumpling Night. ARCC has contributed to the CMU campus in many ways. Since our organization's recognition in 1998, we have held events almost every month, in order to expose the CMU campus to the many facets that Chinese culture has to offer. Our events are structured to appeal to those both knowledgeable and curious about Chinese culture. Both non-members and members have benefited from ARCC. Many of our events are held in public areas, with admission free of charge. We hope that you will join us at our events and learn more about Chinese culture! If you have any questions, feel free to contact us on Facebook or Instagram or message any one of our officers!
