**Judging**

Judges are grouped according to educational and professional experience; you only judge your group’s teams. Please note that not all teams fit perfectly into a group; you may have an outlier or two. Also, if you know an applicant personally inform Allyson Hince so you can be reassigned to a different group.

**Team Ranking**

You will be asked to rank the overall teams’ application, which will be used for a forced rank. Each group will then be emailed with the rankings.

**Scoring & Feedback**

As a judge, you score and provide feedback on team’s executive summary and video pitch. Scoring is on a scale of 1 to 5, 1 needs work and 5 as excellent. Scores are merely guidelines, meaning that while a team may have a high score, it may not be ready to move on in the competition. Teams are able to view scores and feedback after each judging round.

As a judge, keep two questions in mind when reviewing each team’s executive summary and video pitch.

1. Can this team be competitive in the final round?
2. Can this team/company be viable?

Be firm but gentle. The competition is intended to be an educational experience.

**The Competition Platform**

Judges have access to review their assigned teams executive summary and video pitch via the competition platform, Startup Compete (https://mcginnisventurecompetition2018.startupcompete.co/).

Login instructions are sent from notification@startupcompete.co with the subject “Invitation to Judge the McGinnis Venture Competition” once the teams are assigned.
