

Shivdev Rao
CEO
Abridge.ai

Shiv Rao, MD is the CEO of Abridge, a company that empowers patients to securely record, review, and share their health care. Shiv co-founded Abridge with Florian Metze PhD, a research professor at Carnegie Mellon's Language Technologies Institute, and Sandeep Konam, a former master's student in Robotics at Carnegie Mellon.

Shiv was previously an Executive Vice President at UPMC Enterprises, where he managed the provider facing portfolio of technology investments and R&D. He is also a faculty member and practicing cardiologist in UPMC's Heart and Vascular Institute. He received his BA from Carnegie Mellon University and completed his medical training at the University of Michigan and University of Pittsburgh.
