Source: Post-graduation data compiled from 97% of graduating Business Administration and Computational Finance students. This includes students who graduated in August 2017, December 2017, and May 2018.

Note: Some recent graduates chose not to provide employer, job title, salary, and/or graduate school information in their responses. This information includes all full-time salaries reported with the exception of internships, military service, or those positions outside the U.S.

Last updated December 2018.
