

Reporting Sexual Misconduct and Sex-Based Discrimination

What happens if I make a report?

The Title IX Office (TIX) will reach out to offer support and resources, and information about possible next steps.

What if I was drinking alcohol or taking drugs at the time I was assaulted?

If you report a concern in good faith on behalf of yourself or another person, you will not be punished for consuming drugs or alcohol, even if you are underage (Safe Harbor).

What if I am making a report on behalf of someone else?

TIX will reach out to you to get additional information, and to determine the best way to get support, resources and information to the person who has been impacted by the concern.
